Presentation

Welcome to the Paris Ouest orthodontic practice of Dr Catherine Lasvergnas, located in Maisons-Laffitte at 2 avenue Cuvier (free private parking at 14 rue Lavoisier). Dr. Lasvergnas offers a full range of orthodontic treatments for children, adolescents and adults. • Invisible orthodontics using transparent aligners. • Lingual orthodontics with braces that are placed on the inside of the teeth. • Ceramic and metal vestibular orthodontics. The office is equipped with a large technical platform using various cutting-edge technologies to offer treatments adapted to all types of functional dental or skeletal anomalies and guarantee optimal results. 💡 The patient journey takes place as follows: • First consultation: Dr. Lasvergnas takes the time to listen to you and assess your specific orthodontic needs. • 3D Scan: this cutting-edge technology allows you to visualize your entire teeth, identifies the necessary dental care and offers you a before-and-after visualization of your future smile. • X-rays: allow an in-depth analysis of the condition of your teeth, roots and skull to assess any abnormalities and to establish a precise treatment plan. • Treatment plan and financial conditions: From all this information, Dr. Lasvergnas develops a personalized treatment plan that meets your specific needs, and provides you with all the necessary information regarding financial aspects. Dr Catherine Lasvergnas and her team provide you with professional and caring support throughout your treatment journey. They are at your disposal to answer all your questions and support you towards optimal oral health and a harmonious smile. If the time slots are not suitable, please call the practice.
